

Promotional Voice Headers

140 series

User Manual
For Enterprises

Table of Contents

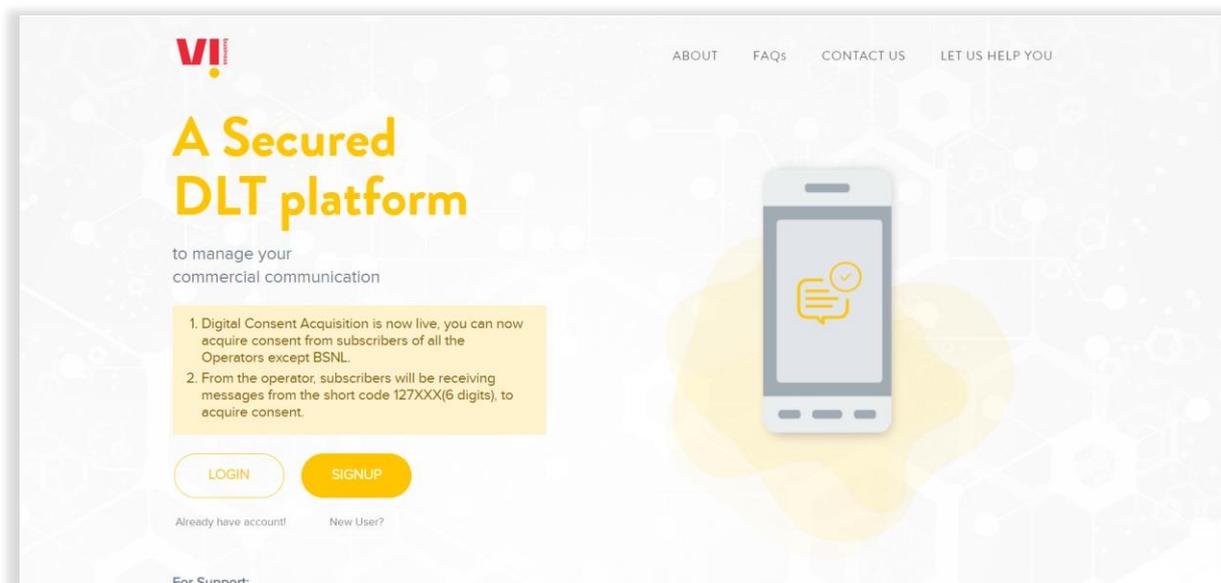

1. Login to vilpower.in	3
2. Enterprise: Accept the request with the list of Headers allocated by a Telemarketer	5
3. Enterprise: Request Voice Headers from a Telemarketer	8

This document details the process of how to use 140 series numbers/DIDs for promotional calls. For a promotional call from a 140 series number to mature, that number must be allocated to an Enterprise.

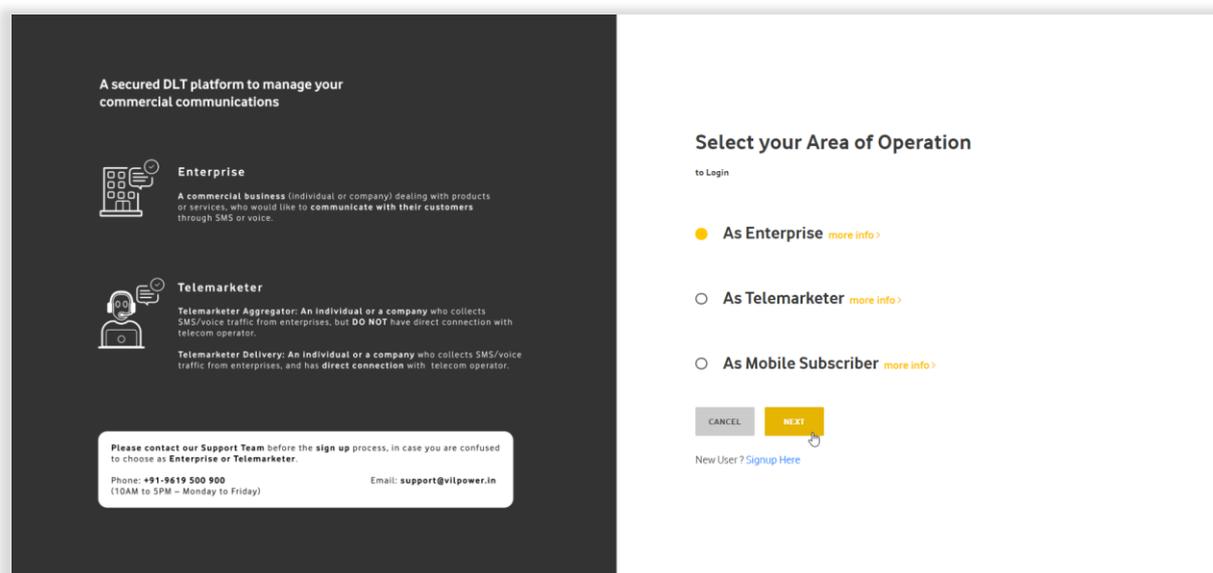

Please note that an approved PE-TM mapping is mandatory to request/accept a request from a Telemarketer.

1. Login to vilpower.in

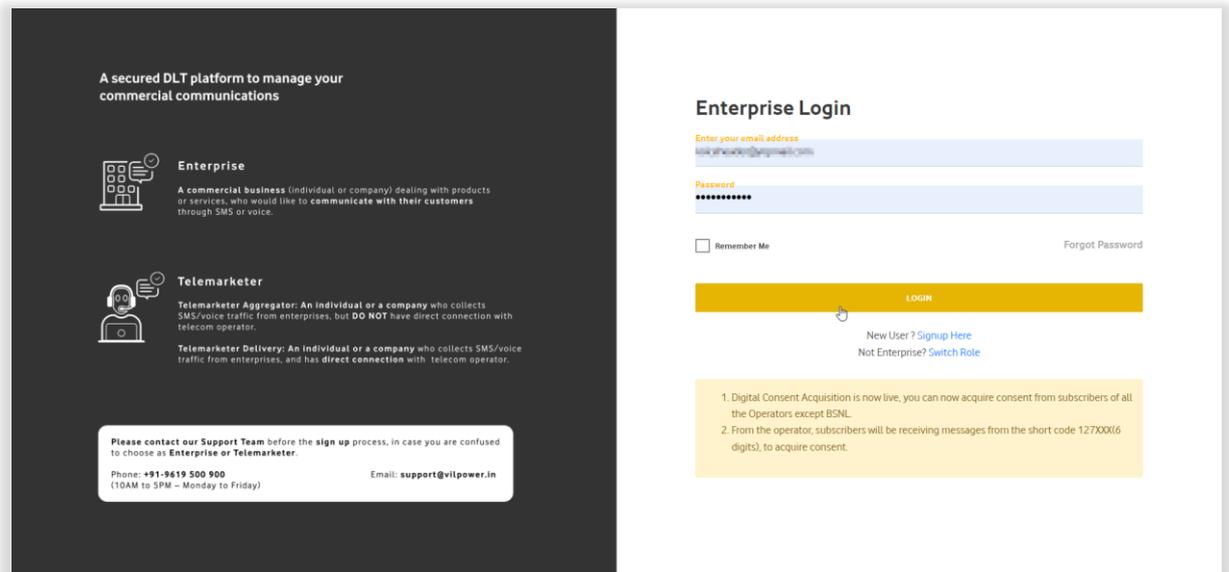

1. Go to <https://www.vilpower.in/>

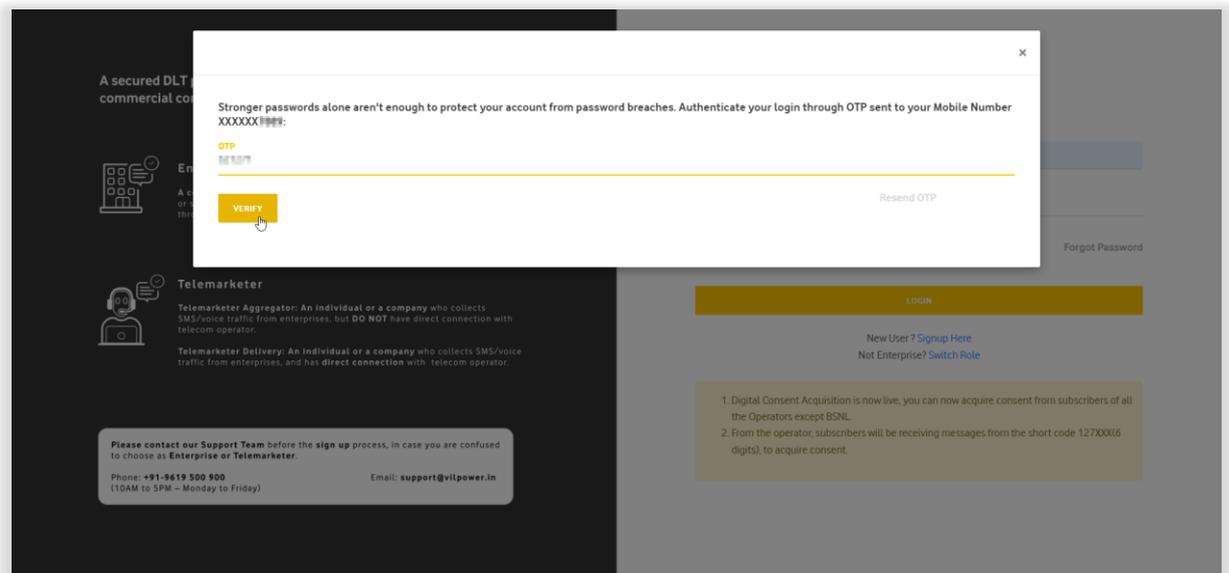

2. Click on As Enterprise:

3. Enter your Email address and Password

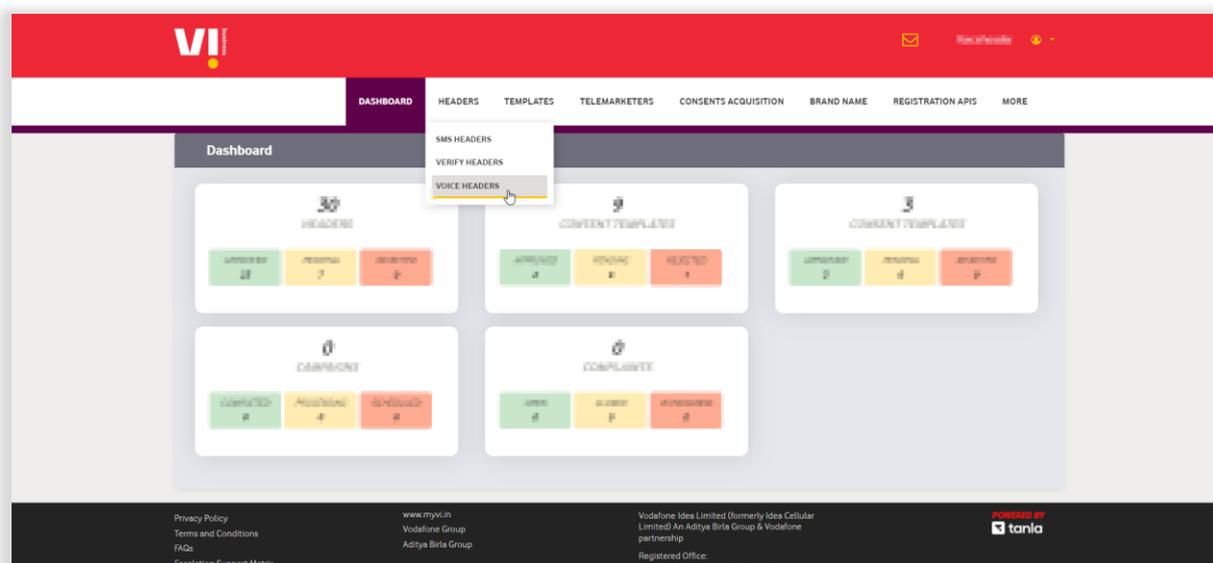

4. Enter the OTP received on your mobile number:

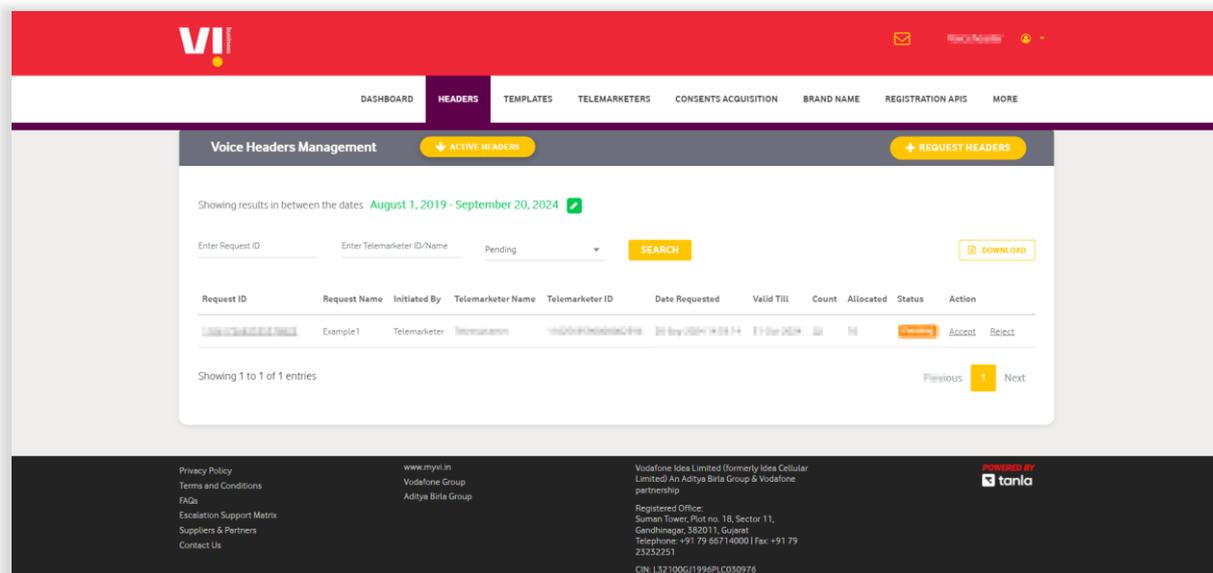

2. Enterprise: Accept the request with the list of Headers allocated by a Telemarketer

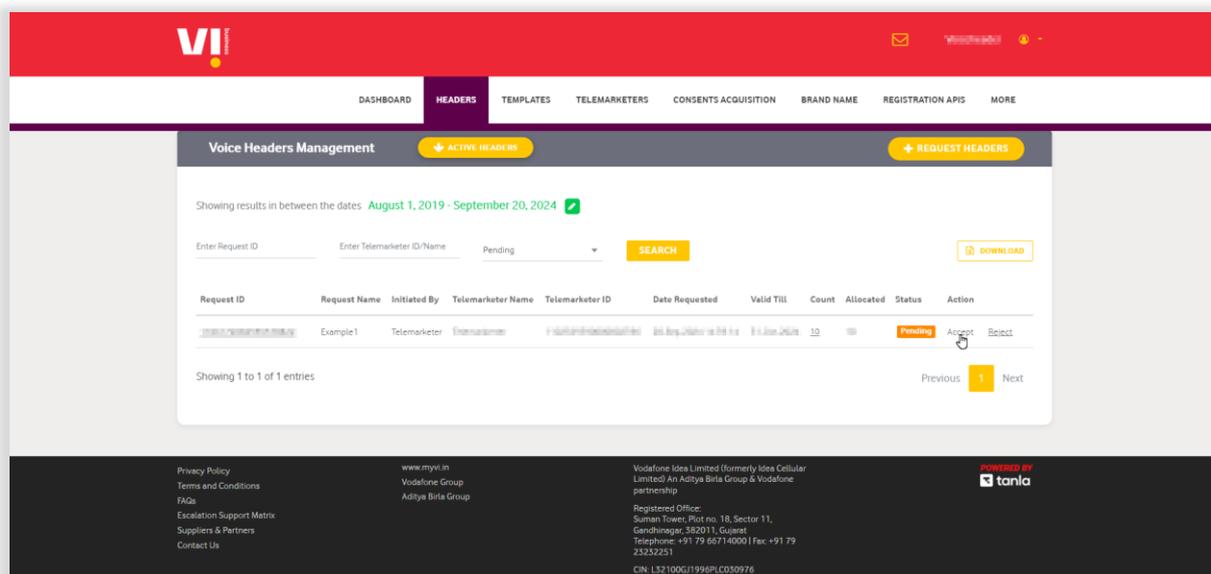

1. Go to Headers -> Voice Headers

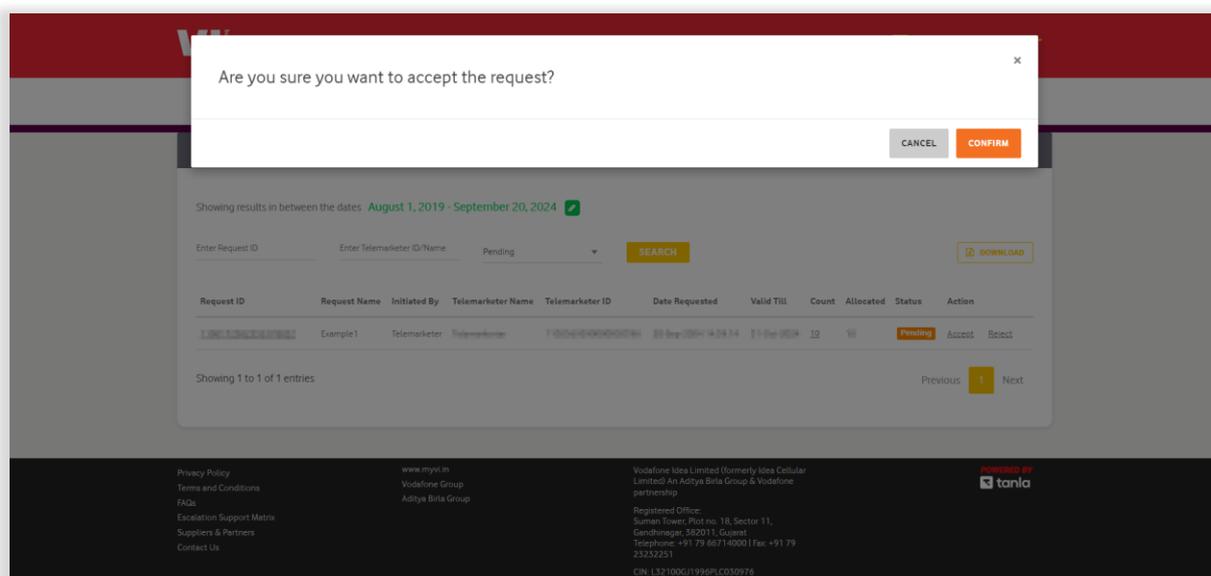

2. Select the status of Pending from the dropdown

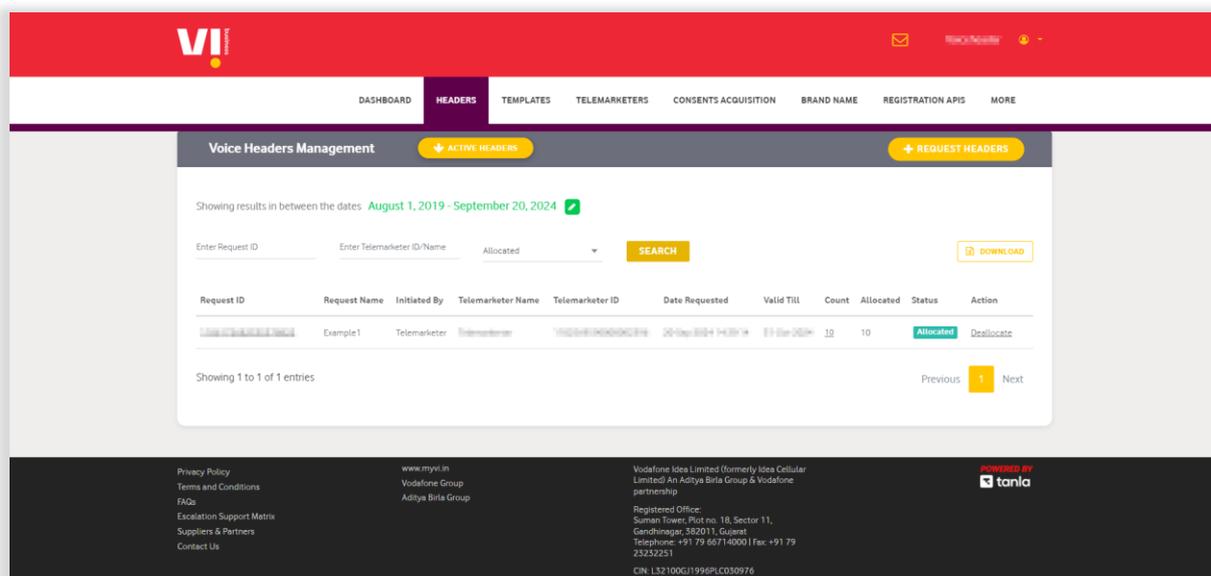

- You can see that a request initiated by a Telemarketer is Pending, you can download the list of Voice Headers allocated by the Telemarketer by clicking on the count displayed. Click on “Accept” to accept the Voice Headers in the request

- Click on “Confirm” to accept the request

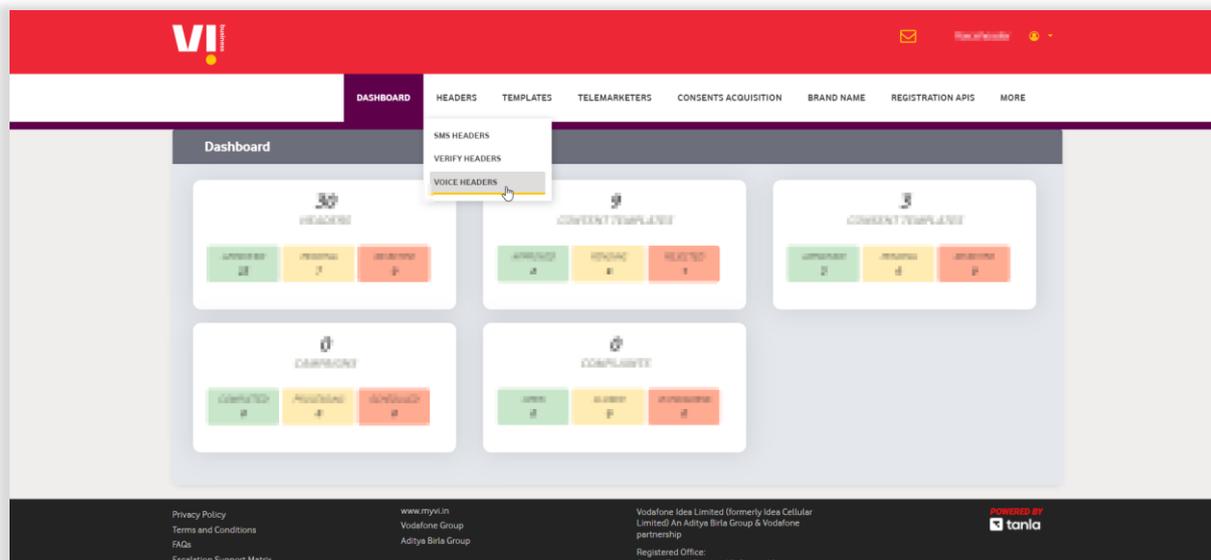

5. You can see that the request has been accepted and the Headers have been allocated to you

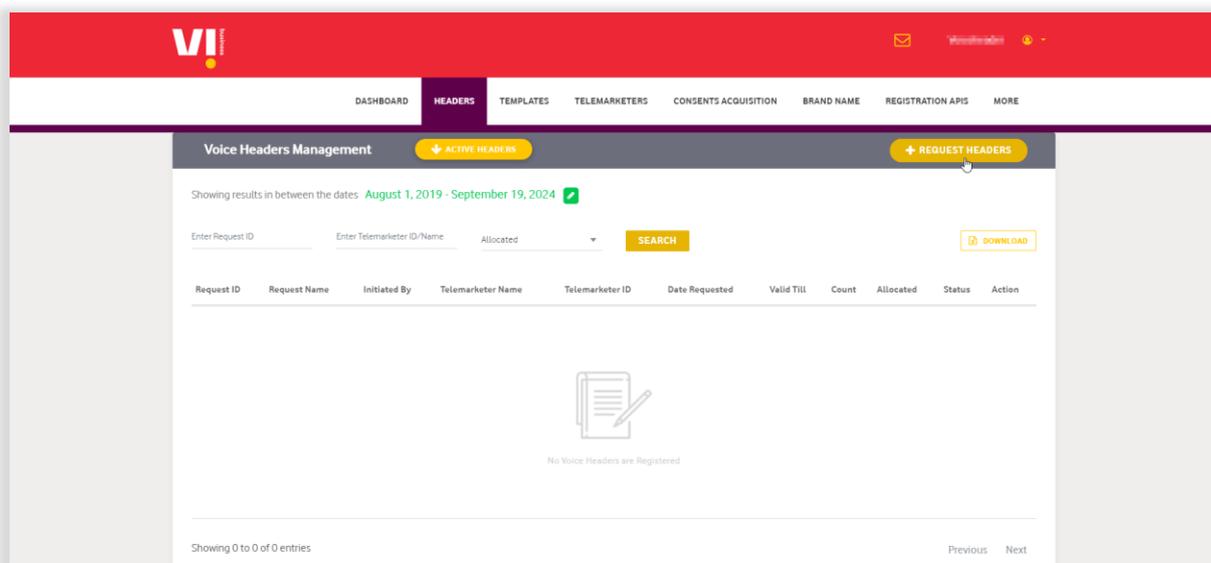

6. Please note that these Headers will be allocated to you and will be deallocated once the valid till date is crossed. You can also download all your Active Headers by clicking on the “Active Headers” button on the top

3. Enterprise: Request Voice Headers from a Telemarketer

1. Go to Headers -> Voice Headers

2. Click on “+ Request Headers”

3. Request Headers from a Telemarketer:

← Request Voice Headers

Please choose the header type and specify the enterprise for which you wish to allocate the headers.

POWERED BY

5. Enter a name for the request, select a Telemarketer (from the dropdown), Enter the count of Voice Headers, Select validity of the Headers you are requesting and select a circle (can be any or a particular circle) and share remarks for the Telemarketer, if any:

6. You can see the request is pending:

Request ID	Request Name	Initiated By	Telemarketer Name	Telemarketer ID	Date Requested	Valid Till	Count	Allocated	Status	Action
Example	Enterprise	Telemarketer	Telemarketer	Telemarketer	2024-08-19	2024-09-19	10	0	Pending	Cancel

7. The Telemarketer now has 24 hours to accept the request and upload the corresponding Headers he wants to allocate to you or reject the request.
